

**DPTech<sup>®</sup>**

## OUR SERVICES

We specialise in providing unique, innovative and bespoke, Dynamic Positioning solutions in the following areas:

### • Consultancy

- Guidelines from IMCA, IMO and MTS – Bridging the gap between Rules and Job specifics
- Charter requirements and suitability
  - ♦ Does the DP vessel have what is necessary for the Operation? We definitely know what is needed. Our professional services reduces downtime, risks and eliminates surprises for our Clients, while increasing competence, confidence, safety and reliability
- Upgrading and Modifications

♦ Part of a vessel's Evolution to suit operational and commercial needs, requires proper analysis and implementation, to get the most out of an investment (example: operating in closed bus and better power utilisation)

- New buildings
- Change Management
- Projects
  - ♦ Consultancy to Clients on the many aspects of DP on a Project basis

### • Remote shore support

- 24/7 Call Centre Support
- DP Incident and Crisis Management

### • Risk Analysis and Assessment

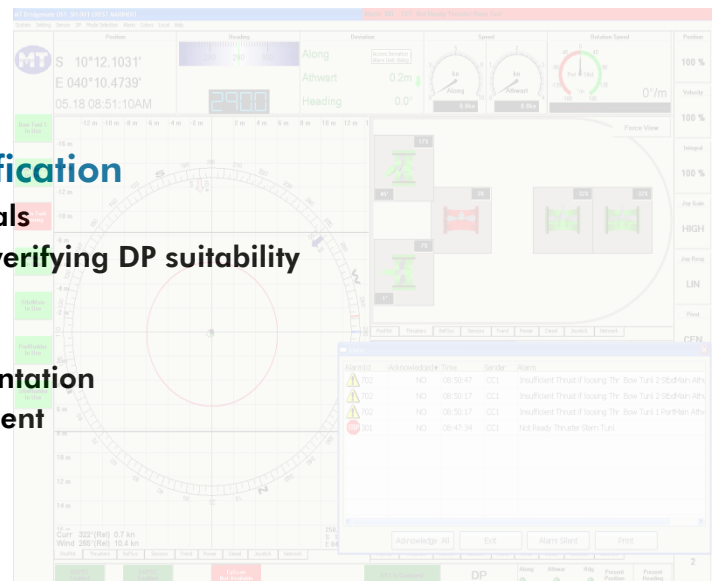

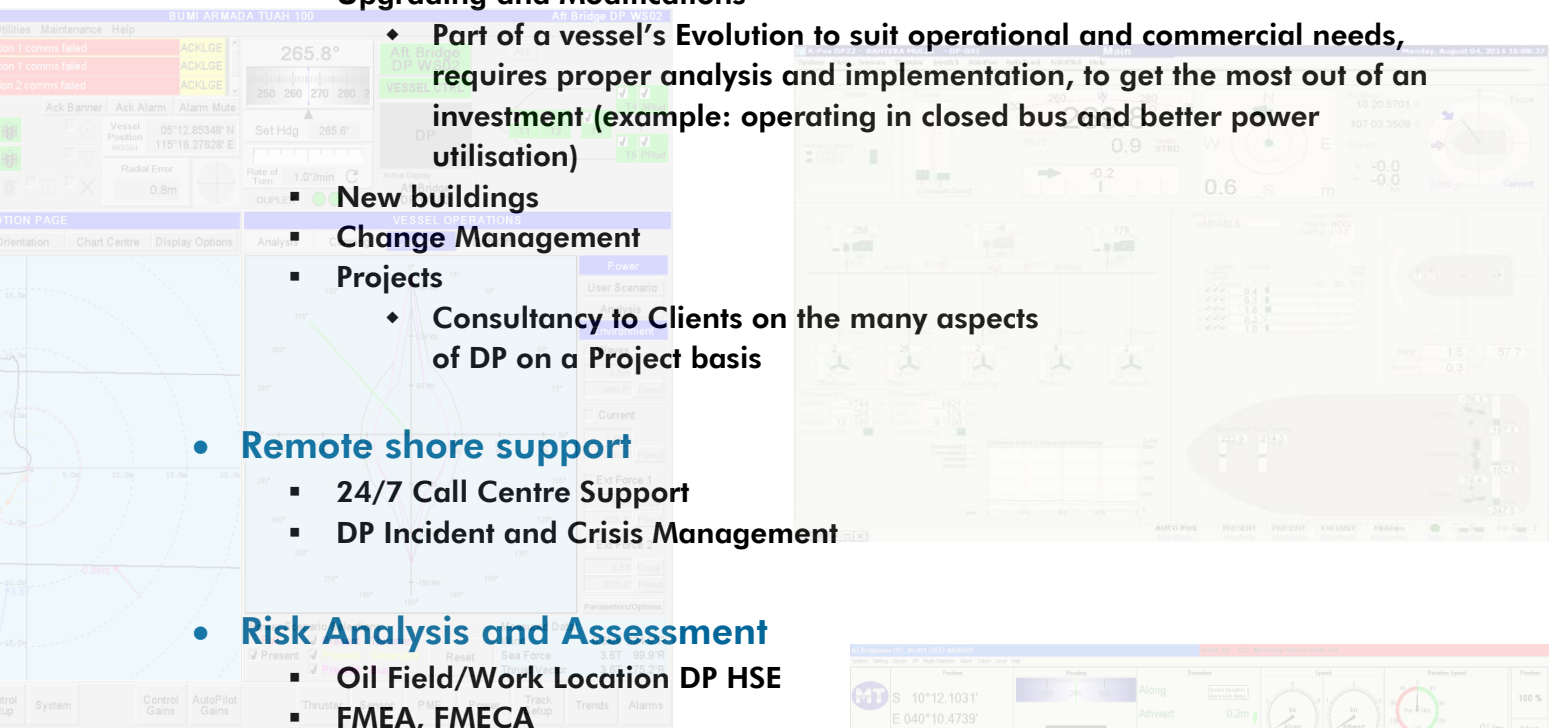

- Oil Field/Work Location DP HSE
- FMEA, FMECA

### • Vessel Trials, Inspection and Verification

- Performing DP for various Class Trials
- Charter Verification, checking and verifying DP suitability
- Pre-Inspection
- On-board, On site DP Training
- Management of DP related documentation
- Management of DP systems equipment

### • Asset Management

- Maintenance of DP Systems
- Equipment and Electronic Parts Inventory
- DP Spare Part
